

QUESTIONS FOR SCHOOLS

As we return to school for the fall, there are many new challenges for students with developmental disabilities who are begin included in the regular classroom. Here are a few key questions to discuss with your school before classes begin.

What will the school & the classroom look like for my child?

What are the expectations for parents regarding health and safety?

What new routines do I need to prepare my child for? (e.g. recess, lunch, riding the bus, drop off, sanitization, arrows, signs, distancing)

How does the school plan to prepare my child for new school routines? (orientation, practice sessions, checklists, etc.)

How can I support you to communicate consistent routines and language to my child?

Where should I look for information?
