

ACTION URGENTLY NEEDED

Contact your **MLA** about **FSCD & PDD**

The **Family Support for Children with Disabilities (FSCD)** and **Persons with Disabilities (PDD)** programs have become unresponsive and bureaucratic and are failing to provide children and adults with intellectual disabilities and their families with timely access to adequate support. Province-wide, families are struggling, feeling abandoned, and growing increasingly desperate due to long waitlists and denials.

Unless families, individuals and allies speak up about the importance of adequately funding these programs, the situation could continue to get worse.

We encourage you to call your MLA and ask for an in-person meeting where you can share your family's experience, or the experience of someone you know and care about, and your expectation that FSCD/PDD provide the supports necessary for those the funding programs are intended for. The more of us who share a common perspective, the more likely the MLAs, and their parties will be clear on what needs to be done.
